

LA Governor's Office of Homeland Security and Emergency Preparedness
All-Hazards Incident Management Team (0-305)
St. Tammany Fire Protection District No.1 Training Academy- Slidell, LA
December 12-16, 2016

Course Description: 0-305 All-Hazards Incident Management Team- This course is designed for those who are assigned to function in a Type 3 IMT during a large/complex incident, typically extending into multiple operational periods. The Type 3 IMT can either support an existing ICS structure, or can assume command of an incident if requested to do so. The Type 3 IMT can ease the transition to a National IMT for large scale, long duration, or complex incidents.

Course Objective: The overall goal of the Incident Management Team (IMT) program is to develop state, regional, and tribal IMTs to function under the National Incident Management System (NIMS) during a large and/or complex incident or a major event.

Required Training Prerequisites: ICS 100, ICS 200, IS 700.A, IS 800.B and ICS 300, ICS 400

Note: It is NOT necessary for an individual to be a member of an AHIMT in order to enroll in the upcoming AHIMT courses, nor is it necessary for an agency to sponsor an AHIMT in order for their employees to attend the courses. If you or members of your agency are interested in attending these courses please do so.

In addition, if an agency or group wants to create an AHIMT it is NOT necessary for those individuals to seek credentialing under the LA AHIMT program. Individuals can take the necessary training (and agencies can form AHIMTs) purely as an effort to improve their incident management capabilities and understanding of NIMS/ICS, without any intention of seeking credentialing.

Dates and Times: December 12-16, 2016 8:00am-5:00pm

Location: St. Tammany Fire Protection District No.1's Training Academy
34780 South Range Road, Slidell LA 70460 (Camp Villere)
